

June 2009

Dear General Motors Customer:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

General Motors has decided that certain 2008 and 2009 model year Pontiac G8 vehicles fail to conform to Federal Motor Vehicle Safety Standard 138, "Tire Pressure Monitoring Systems". As a result, GM is conducting a recall. We apologize for this inconvenience. However, we are concerned about your safety and continued satisfaction with our products.

### **IMPORTANT**

- Your vehicle is involved in recall 09101.
- Schedule an appointment with your GM dealer.
- This service will be performed for you at **no charge**.

**Why is your vehicle being recalled?**

Safety Standard 138 requires a low tire pressure telltale be illuminated to warn the driver when tire pressure is 25% below the manufacturer's recommended cold inflation pressure. Your vehicle has incorrect values programmed into the Tire Pressure Monitoring System (TPMS) that will not illuminate the TPMS warning lamp until tire pressure falls below values required by the Standard. Driving on a significantly under-inflated tire causes the tire to overheat and can lead to tire failure.

**What will we do?**

Your GM dealer will reprogram the Remote Control Doorlock Receiver with the correct values. This service will be performed for you at **no charge**. Because of service scheduling requirements, it is likely that your dealer will need your vehicle longer than the actual service correction time of approximately 20 minutes.

If your vehicle is within the New Vehicle Limited Warranty, your dealer may provide you with shuttle service or some other form of courtesy transportation while your vehicle is at the dealership for this repair. Please refer to your Owner's Manual and your dealer for details on courtesy transportation.

**What should you do?**

You should contact your GM dealer to arrange a service appointment as soon as possible.

**Do you have questions?**

If you have questions or concerns that your dealer is unable to resolve, please contact the appropriate Customer Assistance Center at the number listed below. More information about your vehicle can be found at the Owner Center at [www.gmownercenter.com](http://www.gmownercenter.com).

Division	Number	Text Telephones (TTY)
Pontiac	1-800-620-7668	1-800-833-7668
Guam	1-671-648-8450	
Puerto Rico – English	1-800-496-9992	
Puerto Rico – Español	1-800-496-9993	
Virgin Islands	1-800-496-9994	

If after contacting your dealer and the Customer Assistance Center, you are still not satisfied we have done our best to remedy this condition without charge and within a reasonable time, you may wish to write the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue, SE, Washington DC 20590, or call the toll-free Vehicle Safety Hotline at 1.888.327.4236 (TTY 1.800.424.9153), or go to <http://www.safercar.gov>.

Federal regulation requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.
