Subject: Safety Defect and Noncompliance Notification Campaign 09V-156 — Quarterly Report.

Dear Ms. Lopez:

In accordance with 49 CFR 573.7 - Quarterly reports, Petersen Industries submits the following information for the reporting period ending 30 Oct 09:

(b)(1) Notification campaign number: 09V-156.

(b)(2) The date notification began: 20 Apr 09.

Date completed: Est. completion 31 Nov 09.

(b)(3) The number of items of equipment involved in campaign: 121. Quantity updated from historical records (was 123).

(b)(4) The number of equipment items which have been inspected and repaired: To date, 106 sets of replacement parts have been sent and installed regardless of inspection results.

Number of equipment items inspected and determined not to need repair: 0. Not all head assemblies will be inspected. All head assemblies will be replaced by the end of the recall program regardless of inspection results.

(b)(5) The number of items of equipment determined to be unreachable for inspection due to export, theft, scrapping, failure to receive notification, or other reasons: 1. See below.

Export: 0.

Theft: 0.

Scrapping: 0.

Failure to receive notification: 1. (Vehicle sold by original owner to unknown party- Current location is unknown.)

Other: 0.

(b)(6) In reports by equipment manufacturers, the number of items of equipment repaired and/or returned by dealers, other retailers, and distributors to the manufacturer prior to their first sale to the public: 0.

(b)(7) Tire Recalls: N/A.

We estimate all replacements will be complete in November 2009.

Regards,
