Dear Ms. DeMeter:

Winnebago Industries® submits the addendum to my December 21, 2009 (573) letter. The numbered paragraphs below correspond to those found at Part 573.5(c) that have been revised.

This addendum is necessary as Winnebago Industries has now determined that at the time of the recall mailing no affected units were retained, and all vehicles were in possession of either Winnebago Industries or our dealers.

8. Winnebago Industries, Inc. will remedy this non-compliance by installing a new seat swivel allowing the seats to conform to MVSS 207. Winnebago Industries mailed the dealers letters on or about January 15, 2010. No owners letters were mailed out as no vehicles affected in this recall were retained. All vehicles are in possession of either Winnebago Industries or our dealerships, all these vehicles are in the process of having recall 114 repair performed.

Should you have questions regarding this information, please contact the undersigned.

Sincerely,

A handwritten signature in black ink, appearing to read "Dale Jordal", written over a horizontal line.
