IMPORTANT

- Your 2002-2003 Model Year Subaru WRX is involved in a safety recall because your vehicle's fuel delivery line may seep fuel when outside temperatures are extremely cold.
- Schedule an appointment with your Subaru Dealer.
- This service will be performed for you at no charge.

Dear Subaru Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Subaru of America, Inc. has decided that a defect which relates to motor vehicle safety exists in certain 2002 & 2003 model year Subaru WRX vehicles that are currently registered in the following states: Alaska, Colorado, Idaho, Iowa, Maine, Michigan, Minnesota, Montana, Nebraska, New Hampshire, New York, North Dakota, South Dakota, Vermont, Wisconsin and Wyoming.

DESCRIPTION OF THE SAFETY DEFECT

Subaru has determined that in extremely cold outside temperatures, fuel seepage can occur from a fuel delivery line.

DESCRIPTION OF THE SAFETY HAZARD

The affected fuel line is located under the engine intake manifold. Especially during engine start-up in cold temperatures, fuel may seep around the seals between the metal fuel line and the rubber hose. Fuel leakage, in the presence of an ignition source, could result in a fire.

REPAIRS

To correct this condition, Subaru will replace the fuel line and hose with a later production version that has a longer rubber hose segment.

WHAT YOU SHOULD DO

You should immediately contact your Subaru Dealer for an appointment to have the fuel line replaced. Please tell the dealer if you have noticed any smell of gasoline in the past when starting up in cold weather.

HOW LONG WILL THE REPAIR TAKE?

The actual time to replace the fuel line is approximately 2 1/2 hours. This will typically make it necessary for you to leave your vehicle for a longer period of time on the day of your scheduled appointment to allow your dealer some flexibility in scheduling and completing the repair.

Please present this letter to your Subaru Dealer at the time this repair procedure is performed.
