NHTSA RECALL 09V483

March 26, 2015

Dear Volvo Owner,

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Previously, a letter was sent to eligible vehicle owners announcing a Safety Recall on the Fuel Pump. Our records indicate that this important safety recall has not been completed on your vehicle. Please schedule an appointment at your local authorized Volvo retailer as soon as possible to have this important safety recall performed at no charge.

The reason for Recall 220:

Volvo Cars of North America, LLC. (Volvo) has determined that a defect related to motor vehicle safety exists in the fuel pump of certain model year 2001-2005 S80, 2001-2004 S60, V70, V70XC/XC70 and 2003-2005 XC90 vehicles that were sold, or are registered in the states of Alabama, Arizona, Arkansas, California, Florida, Georgia, Hawaii, Kentucky, Louisiana, Mississippi, Nevada, New Mexico, North Carolina, Oklahoma, South Carolina, Tennessee, Texas, Utah, Virginia, District of Columbia and U.S. Territories.

If you are receiving this letter and do not currently reside in one of the States or U.S. Territories listed above, or if your vehicle is not part of the model years listed above, it is because our records indicate that your vehicle was originally sold in one of these States or U.S. Territories, or has been fitted with the concerned component and is eligible for this recall.

Volvo investigations have identified that a specific version of the fuel pump can when exposed to certain environmental conditions (hot climate and temperature cycling) over time and in combination of varying fuel quality, develop cracks in the fuel pump flange. If the condition occurs you may notice fuel smell and/or fuel seepage.

The corrective action will be to inspect the version of the fuel pump installed in your vehicle, and if necessary replace the fuel pump with a part of a modified design.

What you need to do:

Please contact your authorized Volvo retailer as soon as possible to schedule an appointment. This procedure will be completed at no cost and will take approximately 3 hours. Due to service scheduling, your Volvo retailer may require your vehicle for a longer period of time.

If you paid to have this corrective action performed prior to receiving this letter, you may be eligible for a refund for the cost of that repair.

Send your **repair order** with a **copy of this letter** (retaining a copy of both for your records) to:
