Washington, DC 20590

Re: Keystone RV Company
Defect and Non-Compliance Report

Dear Mr. Smith:

Keystone RV Company ("Keystone") has decided that a defect which relates to motor vehicle safety exists in the recreational vehicles listed below, and is furnishing notification to the National Highway Traffic Safety Administration in accordance with 49 CFR Part 573 Defect and Noncompliance Reports.

- A. Recall Population and Vehicle Identification. The recall population includes the following product brands manufactured by Keystone.

<u>Product Brand</u>	<u>Number of Vehicles</u>
----------------------	---------------------------

2010 Fuzion Travel Trailers and Fifth Wheels with Touring Edition II Package	
--	--

Production Dates: 10/14/2009 – 1/11/2010

VIN Ranges: 4YDF32220AF810638 - 4YDF32220AF810879

The total number of vehicles subject to this recall campaign is: 242

- B. Description of Defect. It has been decided that the rear ramp door cable support bracket bolts may fail when the door is used in the patio position. A falling door will lead to an increased risk of personal injury if a person is on the door in the patio position.
- C. Basis for Determining that a Defect Exists. Keystone has received 2 complaints of the ramp door hardware failing. An investigation revealed the hardware would not withstand the rated load of the door in the patio position. The recall population includes all vehicles manufactured with the patio door option up till the problem was resolved.

- D. Remedying of Defect. The remedy is to replace the ramp door cable hardware with the correct hardware as specified in Keystone Service Advisory 10-128.
- E. Owner Notifications. Owner notification will begin February 5, 2010 pending NHTSA approval. A final copy of the dealer repair procedures will also be provided to NHTSA.
- F. Quarterly Reporting Requirements. Keystone will be filing quarterly reports in connection with this recall campaign.
- G. Campaign Number. Keystone's identification code for this recall is 10-128.

If you need any additional information regarding this recall campaign, please feel free to contact me at 574-537-3925.

Sincerely,

Garett Carolus
Keystone RV Company
Technical Manager
