Associate Administrator for Enforcement  
National Highway Traffic Safety Administration  
U.S. Department of Transportation  
1200 New Jersey Avenue, SE  
Washington, DC 20590

Dear Sir or Madam:

Pursuant to 49 CFR Part 573, Jayco, Inc. (“Jayco” or the “Company”) is submitting this report to NHTSA concerning a recall campaign, which is being voluntarily initiated. Specific information is as follows:

573.5(c)(2)

Affected vehicles are Model Year 2010 Jayco Select Camping Trailers, Model 141J, manufactured between November 11, 2009 and April 9, 2010.

Jayco, Inc., the responsible manufacturer, determined the recall population from its manufacturing records.

573.5(c)(3)

A total of Fifty-nine (59) Camping Trailers are subject to this recall. Specific Vehicle Identification Numbers (VIN) are as follows:

2010 Jayco Select Camping Trailers with a starting VIN of 1UJAJ0AH0A1FJ0059 and ending with 1UJAJ0AH7A1FJ0107.

573.5(c)(4)

Jayco is recalling 100 percent of the affected models of Jayco Select Camping Trailers identified in the scope.

573.5(c)(5)

Jayco has identified that the axle is located too far forward. This allows the tires to make contact with the wheel well, which may cause damage to the tire and/or the wheel well. If this condition is not addressed, it may result in an accident, injury or death.

573.5(c)(6)

Jayco decided to conduct this recall following an internal investigation. Jayco is not aware of any injuries or accidents related to this issue.

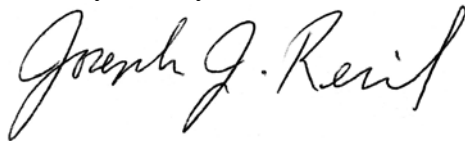

Jayco received a complaint on July 12, 2010 stating that the tires were making contact with the wheel well. Subsequently, over the following two weeks, four additional complaints were received. A comparison of the prints to units at Jayco revealed that the location of the axle was not correct on some units because they had frames built prior to a print change which moved the axle rearward to better center the axle in the wheel well.

573.5(c)(8)

The remedy for the affected Jayco Select Camping Trailers is to cut the brackets, move the axle rearward, and weld it in this new position.

Copies of the repair instructions, dealer notification letters, and owner letters will be provided to the agency within 10 business days. Jayco is contacting all dealers and retail owners of the affected vehicles. Upon notification Jayco is prepared to begin dealer notification within 5 business days after approval, and to owner's ten business days subsequent to dealer notification.

Thank you for your assistance,

A handwritten signature in cursive script that reads "Joseph J. Resil". The signature is written in black ink and is positioned below the text "Thank you for your assistance,".

Sincerely,

Joe Resil
