**Re: Defect Information Report – Supplemental Report No. 1
10V-339, 10C-4, DD13/DD15 High Pressure Fuel Pumps**

Mr. Smith,

In accordance with Part 573 of Title 49 of the Code of Federal Regulations, Daimler Trucks North America LLC herewith submits supplemental defect information to amend the expected owner notification date for this recall. DTNA discovered a potential quality issue with the parts necessary to perform the repairs on affected vehicles. DTNA is currently investigating the scope of this issue, but it appears all parts collected for this action to date will either need to be scrapped or reworked.

(c)(8) Dealer Notification: Dealer notification will begin and end January 14, 2011.

Owner Notification Date: Owner notification will begin and end January 14, 2011.

Please contact me if you have any questions.

Sincerely yours,

Nasser Zamani
