Re: Atwood 3-Burner Range Recall Campaign

Dear Mr. Smith:

This letter is written to notify NHTSA that Fleetwood RV, Inc. is aware of the voluntary initiation of a recall notification campaign affecting Fleetwood RV produced recreational vehicles equipped with certain Atwood Series 35 Ranges with model numbers RV1735 as listed below:

Model Years 2011 Class A and Class C Motor Homes Built August 25, 2010 through October 22, 2010

Jamboree	751PB4406962	through	751PB4407232
Jamboree Sport	789NB4406936	through	789NB4407119
Storm	785BB4406906	through	785MB4407221
Terra	783DB4406747	through	783TB4407086
Tioga	741PB4406851	through	741PB4406937
Tioga Ranger	788YB4406945	through	788MB4407173

This voluntary recall campaign is being conducted by:

Atwood Mobile Products
1120 N. Main Street
Elkhart, IN 46514
Phone: 800-825-4328

This voluntary recall campaign involves approximately 83 Fleetwood RV Class A and Class C motor homes equipped Atwood Series 35 ranges.

Fleetwood RV estimates that 100% of the above motor homes contain the safety defect. This is based on the Safety Recall notice received on September 28, 2010.

These motor homes were equipped with Atwood Series 35 Ranges with model numbers beginning with RV1735. Atwood has identified that for certain serial numbers of this model, a potential exists for a small fracture within the line delivering gas to the oven cavity burner. Such a fracture has a potential to leak and lead the consumer to encounter an unexpected build up of gas. This condition can lead to a fire or explosion, and poses an asphyxiation risk.

Fleetwood has no reason to disagree with this action or the recall remedy. Fleetwood RV is relying on Atwood Mobile Products and NHTSA to monitor campaign performance.

Sincerely,

Craig S Biazio
National Warranty Manager
