Dear Sir or Madam:

Pursuant to 49 CFR Part 573, Starcraft RV (“Starcraft” or the “Company”) is submitting this report to NHTSA concerning a recall campaign, which is being voluntarily initiated. Specific information is as follows:

573.5(c)(2)

Affected vehicles are Model Year 2011 Starcraft model Travel Star Travel Trailers, series 299BHS.

The affected vehicles were manufactured between May 5, 2010 and August 12, 2010.

The recall population was determined from the manufacturing records for the Company’s manufacturing plant in Middlebury, Indiana, which produced the affected recreational vehicles.

573.5(c)(3)

A total of eight (8) vehicles are subject to this recall. Specific Vehicle Identification Numbers (VIN) are as follows:

Model year 2011 vehicles with a starting VIN of 1SABS0BR1B1JL5056 and ending with 1SABS0BRXB1JL5055.

573.5(c)(4)

Starcraft is recalling 100 percent of the affected vehicles identified in the scope.

573.5(c)(5)

Starcraft has determined that certain vehicles over 30 feet in overall length do not conform to Federal Motor Vehicle Standard No. 108 Lamps, reflective devices, and associated equipment. The intermediate side marker light required by the Standard is missing. If this condition is not addressed, it may result in an accident, injury, or death.

573.5(c)(6)

During the course of routine inspection, it was discovered that the required intermediate side marker light was not installed.

573.5(c)(8)

The remedy for the affected travel trailers will involve installation of an intermediate side marker light.

Copies of the repair instructions, dealer notification letters, and owner letters will be provided to the agency within 10 business days. Starcraft is contacting all dealers and retail owners of the affected vehicles. Upon notification Starcraft is prepared to begin dealer notification within 5 business days after approval, and to owner's ten business days subsequent to dealer notification.

Thank you for your assistance,
