**Important Safety Warning  
Product Recall  
HWY-224 and OFR-224 Trailers**

To: "Miller Rental Customer"  
" Address"

Effective: 11/8/10

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Miller Electric Mfg. Co. has sent this notice to inform you that a defect which relates to motor vehicle safety exists in certain HWY-224 and OFR-224 Trailer Axle assemblies. Through a product audit, it has come to our attention that the hub assembly is at risk of premature failure. It is possible that the wheel(s) could disconnect without prior warning and cause a serious safety hazard. If corrective action is not taken a vehicle crash may occur and/or persons may be injured by the disconnected wheel(s).

Miller Electric Mfg. Co. has identified potential HWY-224 or OFR-224 trailers in your possession that may be affected with this issue. A list of Vehicle Identification Numbers (VIN) that are involved follows this letter.

**Immediately discontinue all road usage of the affected Miller Electric Mfg. Co. HWY- 224 (043805) and OFR-224 (043802) Trailers and take the following steps:**

1. Notify all affected personnel, or store branches not to use these trailers on the highway.
2. Identify all persons or entities that are using the subject products from your company. Immediately forward this letter to these locations by certified mail or an equivalent method.
3. With VIN numbers and locations identified with these trailers, please contact Miller Electric Mfg. Co Industrial Engine Drive Service Group at 920-831-4851 for service and replacement information for these axle assemblies. Replacement axle kits are part number 250695. Once we are contacted, we will send out the replacement parts for the update.

Miller Electric Mfg. Co. is committed to replacing the Axle assemblies on the affected HWY-224 or OFR-224 trailers. We regret any inconvenience this situation causes and we appreciate your patience as we implement the resolution.

Best Regards,

Lee Lemke  
Service Manager
