

FOREST RIVER, INC

Georgetown Fabric Recall Bulletin **Recall Number 10V-595** **December 2010**

Subject: Certain Forest River Georgetown models have been produced with a fabric that does not meet burn resistance requirements and could burn at a faster rate if a fire was to happen.

Units Affected: Model year 2011 Georgetown Class A motorhomes with the Khaki, Latte, Mist or Thunder décor option. Any other décor option is excluded from this recall. Georgetown Serial Number Range: GTG017590 – GTG017740.

Correction: The defective fabric can be found in bedroom window valances/drapes, bedspread, pillows and headboards. The replacement items will be sent to dealers for replacement on any units we do not show retail purchased. For any retailed units, they will need to be ordered through Georgetown Parts department at 574-206-7600

Claim Submittal: Please submit repairs made on any affected vehicle using a Forest River warranty claim form. Paper or web based claims will be accepted. Please use repair code 30-0053750. Repair time is flat rated at .50. In the event more time is needed or you have questions on this recall, please contact John Armstrong at 574/206-7618.
