Subject: Submission of Quarterly Performance Reports for 10V-083

Dear Ms. Jennifer Timian,

Regarding #10V-083 (1990-1992MY Rocky Emission Control Check Valve Campaign), recently we were aware that "Missing Quarterly Report Notice" has been uploaded on the NHTSA's WEB site. Today we would like to send you "2010 4th quarterly performance report" as requested. Please accept our deep apology for the delay.

The reason of the delay is because of difficulties in communication between DMC (Daihatsu Motor Co., LTD.) and our legal representative in U.S. for this campaign, Mr. Edward Hunter who left Robinson & Robinson, LLP around last November.

Despite our several attempts at contacting him for our confirmation for submission of "2010 4th quarterly performance report", he has been unreachable since this January. However, we believed that he had submitted the report as usual manner, although we lost contact with him temporarily. We are afraid that he may have been seriously sick.

Accordingly, for the time being, please accept our direct submission of quarterly performance reports. We have attached the following quarterly performance reports.

If you have any query, please contact myself by phone at +81-72-784-8519 or by e-mail at Yuuji_Murao@mail.daihatsu.co.jp
