NONCOMPLIANCE RECALL G-10504

MARCH 2010

Dear IC Bus Customer,

This notice is being sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

IC Bus has decided that certain model year 2010 FE and RE school and commercial buses manufactured from 6/1/09 thru 8/19/09 fail to conform to the requirements of Federal Motor Vehicle Safety Standard No. 108, "Lamps, Reflective Devices, and Associated Equipment."

REASON FOR THIS RECALL

The wires in the headlight electrical harness may have been installed in the incorrect connector cavities resulting in decreased low beam headlight intensity that does not meet the requirements of Federal Motor Vehicle Safety Standard (FMVSS) 108.

RISK TO MOTOR VEHICLE SAFETY

Decreased low beam headlight intensity may increase the risk of a crash.

ACTIONS YOU SHOULD TAKE

Please contact your local IC Bus dealer to schedule an appointment to have your vehicle repaired. Your nearest dealer may be located by calling 1-800-448-7825 or by visiting <http://www.navistar.com> and clicking on the IC Bus logo icon.

The repair will involve inspection of the headlight electrical harness connector wiring and repair if necessary. Dealers have instructions to repair your vehicle. This repair will be performed free of charge and will take approximately 60 minutes to complete.
