

OWNER'S LETTER (example of typical owner's letters)

Dear Nissan Titan Owner:

This third notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Nissan has decided that a defect which relates to motor vehicle safety exists in certain 2005-2009 Model Year Nissan Titan vehicles. Our records indicate that you own or lease one of the potentially affected vehicles.

Reason for Recall

You were previously notified that the fuel gauge in some of the affected vehicles may be inaccurate due to a malfunction in the fuel level sending unit. Over time, this causes the instrument panel fuel gauge to inaccurately display that the vehicle still has some fuel, typically about one quarter tank, when the fuel tank is empty. If this were to occur on your vehicle, the vehicle could stall, which could create an unsafe condition which could result in a crash.

What Nissan Will Do

Parts are now available for your Nissan dealer to replace the fuel sender unit inside the fuel tank with a new improved part. This service, free of charge for parts and labor, should take three hours to complete, but your Nissan dealer may require your vehicle for a longer period of time based upon their work schedule.

What You Should Do

Please contact your Nissan dealer as soon as possible to have your vehicle repaired. **It is important that you continue to maintain the fuel level in your vehicle so that the fuel gauge reads above the one half position until your service appointment.** Please bring this notice with you when you keep your service appointment. Instructions have been sent to your Nissan dealer.

If the dealer fails, or is unable to make the necessary repairs free of charge, you may contact the National Consumer Affairs Department, Nissan North America, Inc., P.O. Box 685003, Franklin, TN 37068-5003. The toll free number is 1-800-NISSAN1 (1-800-647-7261). You may also submit a complaint to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue, SE., Washington, DC 20590; or call the toll-free Vehicle Safety Hotline at 1-888-327-4236 (TTY: 1-800-424-9153); or go to <http://www.safercar.gov>.

Federal law requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.
