NONCOMPLIANCE RECALL – 10V-084

MARCH 2010

Dear Monaco RV Customer,

This notice is being sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Monaco RV has decided that certain model year 2010 and 2011 Holiday Rambler Campmaster trailers manufactured from 6/20/09 thru 10/29/09 fail to conform to the requirements of United States regulations Part 567, Certification and Part 571.110 Tire Selection & Rims.

REASON FOR THIS RECALL

The labels that list the trailer's gross axle weight ratings, tire information, and cargo carrying capacity may be incorrect. Reliance on incorrect information could lead to under inflation of the tires possibly causing an overload condition resulting in tire blowout.

RISK TO MOTOR VEHICLE SAFETY

Tire blowout may happen without warning causing a crash possibly resulting in property damage, personal injury, or death.

ACTIONS YOU SHOULD TAKE

The repair will involve the replacement of the labels. Replacement labels and installation instructions are enclosed. You may perform the repair yourself or contact your dealer for an appointment. The labor time necessary to perform this recall campaign is approximately 15 minutes. If you complete the recall yourself, please return the recall notification return postcard included with this letter and complete, sign, and date section 2 of the postcard showing that you performed the recall yourself. Call Monaco RV at 1-877-466-6226 if any questions arise.
