

**RE: BODY SERIAL
CHASSIS SERIAL**

Dear Owner:

This notice is being sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Our records indicate that you have purchased a vehicle with the serial number which appears above.

REASON FOR THIS RECALL

Winnebago Industries, Inc. has decided that a defect which relates to motor vehicle safety exists on certain 2010 Model Year Winnebago® motor homes (Models: Sightseer® and Vista®); and 2010 Model Year Itasca® motor homes (Models: Sunova® and Sunstar®).

These motor homes were manufactured July 16, 2009 through January 14, 2010. These vehicles may have wiring from an incomplete 120-volt circuit that may become energized. This wire assembly was placed in your coach for an option that was not ordered or installed. The connector at the end of this circuit is not covered, leaving an opening that someone could make contact with an energized conductor which has the potential to shock or electrocute, resulting in personal injury or death.

WHAT WE WILL DO

Winnebago Industries, Inc. dealers will correct this situation by installing a junction box and complete this circuit at no charge to you.
