IMPORTANT!

- ❖ Please be advised that your 2008-2010 Model Year FE83D, FE84D or FG84D truck referenced by VIN below is open for a safety recall related to antilock brake system (ABS) hydraulic unit harness.
- ❖ MFTA urges that you schedule an appointment with an Authorized Dealer or Parts and Service Center to perform the recall, at no charge to you, as soon as possible.
- ❖ Refer to this Recall Notification letter when speaking with Dealer Service Department personnel.

SAFETY RECALL NOTIFICATION – C1004210 – ABS Hydraulic Unit Harness
NHTSA SAFETY RECALL – 10V-319

Vehicle Identification Number – JL6BBE1S5AK004820

Dear Mitsubishi Fuso Truck Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Mitsubishi Fuso Truck of America, Inc. has decided that a defect which relates to motor vehicle safety exists in the ABS hydraulic unit harness ground circuit. On affected vehicles equipped with an anti-lock brake system, the ground wire is positioned in such a manner that water could enter the wire casing and travel to the ABS hydraulic unit connector. If water invasion occurs during normal vehicle operation, the connector terminals could become corroded. In the worst case, the corrosion could affect the hydraulic motor circuit in such a manner that the motor would operate continuously, causing the motor to overheat and start a fire without warning.

Continued on the back.

Please detach, sign & return this prepaid business reply postcard if any owner/vehicle information requires updating.

OWNER/VEHICLE INFORMATION CHANGE

If this vehicle is no longer in your possession, or the address has changed, please make any necessary changes and indicate the "REASON FOR CHANGE" in the check boxes provided. If you make changes, please sign and date, detach, and return this prepaid business reply postcard.

REASON FOR CHANGE

- Truck Exported Truck Totalled Truck Scrapped/Out of Service
 Truck Stolen Truck Sold Owner Address Correction

Signature: _____ Date: ____ / ____ / ____

IMPORTANT! Sign and date this reply, as permanent changes are not valid without your signature.

The ABS hydraulic unit and chassis side hydraulic unit connector will be inspected for corrosion and/or damage. Affected components will be replaced. Then, a sub harness that replaces the ABS hydraulic unit ground wire circuit will be installed. The procedure will be completed at no cost to you when performed by an Authorized Dealer or Parts and Service Center. The scheduled time for repair is approximately 1.2 – 4.2 hours.

Federal regulation requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days. If you are the lessor of the above referenced vehicle, please forward this notification immediately.

Note: If you have incurred costs to obtain a remedy for the problem addressed in this recall prior to initial notification, please present the paid invoice to an Authorized Mitsubishi Fuso Dealer or Parts and Service Center. The Dealer/Parts & Service Center will submit a warranty claim to MFTA on your behalf. Reimbursement of these costs should be expected within 30 days of warranty claim submittal.

We at MFTA regret any inconvenience this situation may cause you. However, your safety and continued satisfaction with our product are most important to us.

If your MFTA Dealer is unable to perform this procedure without charge, or within a reasonable amount of time, please contact MFTA Customer Service toll-free at 877-711-0707 for assistance. You may also contact the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue, SE., Washington, DC 20590; or call the toll-free Vehicle Safety Hotline at 1-888-327-4236 (TTY: 1-800-424-9153); or go to <http://www.safercar.gov>.

Sincerely,

William P. Mohr
