OWNER NOTIFICATION

Dear Nissan Armada owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Nissan has decided that certain Model Year 2010 Nissan Armada vehicles fail to conform to one of the requirements set forth in Federal Motor Vehicle Safety Standard (FMVSS) No. 207, "Seating Systems – Passenger Cars." Our records indicate that you own or lease the Nissan vehicle identified by the VIN on the cover of this notice.

Reason for Recall

On some of the affected vehicles, the 2nd row center seat hinge assembly was manufactured out of specification. This may prevent the rear center seatback from fully locking in the upright position. If the rear center seatback is not fully locked into position, it may increase the risk of injury to the occupant during a crash.

What Nissan Will Do

To address this issue, your Nissan dealer will inspect the second row center seat latch assembly. If the second row center seat does not latch properly, the latch mechanism will be replaced. This free service should take about an hour to complete including inspection and latch replacement, if necessary, but your Nissan dealer may require your vehicle for a longer period of time based upon their work schedule.

What You Should Do

Contact your Nissan dealer as soon as possible in order to arrange an appointment to have your vehicle repaired. Please bring this notice with you when you keep your service appointment. Instructions have been sent to your Nissan dealer.

If the dealer fails, or is unable to make the necessary repairs free of charge, you may contact the National Consumer Affairs Department, Nissan North America, Inc. P.O. Box 685003, Franklin, TN 37068-5003. The toll free number is 1-800-NISSAN1 (1-800-647-7261). Federal law requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.
