Recall Campaign No. 10V-446: Brake Vacuum Pump

Dear BMW Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

BMW AG has decided that a defect, which relates to motor vehicle safety, exists in certain Model Year 2002-2010 5, 6 and 7 Series vehicles. Our records indicate that you are the owner of a potentially affected vehicle.

We sincerely apologize for any inconvenience this may cause you.

DESCRIPTION OF PROBLEM

The issue involves the power assist braking function. A small amount of oil could leak from the brake vacuum pump into the brake vacuum hose. Over time, contamination of the brake booster could occur. This could affect the power assist braking function. In an extreme case, loss of the power brake assist could occur.

The service brake control would still be available to slow and stop the vehicle, although this would require greater brake pedal force.

Do not leave this problem unattended. Depending on traffic and road conditions and the driver's reactions, this could increase the risk of a crash.

PRECAUTIONS FOR YOUR SAFETY

1. **Contact your authorized BMW center immediately to have the necessary repair performed as soon as possible.**
2. **IN THE EVENT YOU NOTICE A DECREASE IN POWER BRAKE ASSIST, DO NOT CONTINUE TO DRIVE YOUR VEHICLE. Immediately contact BMW Roadside Assistance at 1-800-332-4269 or your nearest authorized BMW center to have your vehicle brought to an authorized BMW center.**

DESCRIPTION OF REPAIR

The repair will consist of replacing the brake vacuum line on your vehicle. If oil has entered the brake booster, the brake booster and brake master cylinder will be replaced. The actual repair will require approximately four hours; however, additional time may be required depending on the BMW center's scheduling and processing. This work will be performed free of charge by your authorized BMW center.

BMW OF NORTH AMERICA, LLC

TREAD ACT CUSTOMER REIMBURSEMENT PLAN
(BMW of North America, LLC)

If you have paid for the repair described in the attached letter, and you would like to be considered for reimbursement, please contact your authorized BMW center. Expenses from repair facilities outside of the BMW center network will be considered; however, the procedure must meet BMW standards and use BMW Genuine Parts.

Your authorized BMW center will request a copy of your owner notification letter, as well as, a copy of your previously paid invoice, and then inspect the vehicle (if it is still in your possession) prior to submitting a claim on your behalf to BMW of North America, LLC for reimbursement.

Please note the following:

- Only a repair that is the subject of this safety recall is reimbursable. Consequential expenses such as towing, rental, accommodations, damage repairs, etc will not be reimbursed.
- When BMW Genuine Parts are used, the Manufacturers Suggested Retail Price (MSRP) will be considered as the guideline for reasonable charges.
- Expenses for repairs performed more than 10 days after the date of the last owner notification letter sent by BMW are not eligible for reimbursement.
- Taxes and hazardous waste disposal, where previously paid, are eligible for reimbursement.
- BMW will not reimburse for prior repairs that did not utilize BMW Genuine Parts.

We anticipate that your authorized BMW center will be able to answer any questions that you may have regarding your qualifications for reimbursement of a previous repair. If you qualify for such a reimbursement, they will also be able to advise you of the manner in which you could receive reimbursement.

We recommend that your authorized BMW center be your primary contact on this issue; however, our Customer Relations Department may be contacted at 1-800-525-7417 for any special assistance that you may require.

Alternatively, you may submit your request for reimbursement to the following address:
