**Important Safety Warning  
Product Recall  
HWY-224 and OFR-224 Trailers**

To: Distributors, End Users and All persons in possession of a Miller Electric Mfg. Co. Hwy- 224 or OFR-224 Trailer.

Effective: 11/8/10

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Miller Electric Mfg. Co. has sent this notice to inform you that a defect which relates to motor vehicle safety exists in certain HWY-224 and OFR-224 Trailer Axle assemblies. Through a product audit, it has come to our attention that the hub assembly is at risk of premature failure. It is possible that the wheel(s) could disconnect without prior warning and cause a serious safety hazard. If corrective action is not taken a vehicle crash may occur and/or persons may be injured by the disconnected wheel(s).

Miller Electric Mfg. Co. has identified that you have purchased some HWY- 224 or OFR-224 trailers that may be affected. Listed Below is the Vehicle Identification Number (VIN) involved.

**VIN Number**

**Immediately discontinue all road usage of the affected Miller Electric Mfg. Co. HWY- 224 (043805) and OFR-224 (043802) Trailers and take the following steps:**

1. Notify all affected personnel,
2. Contact the Miller Electric Mfg. Co. distributor where the HWY-224 or OFR-224 Trailer was purchased. Be prepared to provide the following information:
  - Company Name
  - Contact
  - Address
  - Phone
  - Vehicle Identification Number of affected unit

Miller Electric Mfg. Co. is committed to replacing the axle assemblies in the affected HWY- 224 and OFR-224 Trailers. We regret any inconvenience this situation causes and we appreciate your patience as we implement the resolution. Please contact your authorized Miller distributor or service station with any additional questions.

Best Regards,

Lee Lemke  
Service Manager  
Miller Electric Mfg. Co.
