

Safety Recall Notice

***Dutchmen[®] Four Winds[®] Coleman[®] Kodiak[®] Aerolite[®] Denali[®]
Colorado[®] Grand Junction[®] Voltage[®]***

Dear Customer:

This **Safety Recall Notice** is sent to you in accordance with the requirements of the United States National Traffic and Motor Vehicle Safety Act and The Canadian Motor Vehicle Safety Act and is important for your safety.

Reason for This Recall

Siemens, in cooperation with Dutchmen Manufacturing, Inc. (Dutchmen), have decided that a defect which relates to motor vehicle safety exists in certain *Dutchmen, Four Winds, Coleman, Kodiak, Aerolite, Denali, Colorado, Grand Junction, and Voltage* brand travel trailers manufactured between June 10, 2010 and September 3, 2010. Other trailer models manufactured by Dutchmen Manufacturing, Inc. during this time period are not included in this recall.

It has been decided the Siemens and Murray one inch plug-in circuit breakers, single pole 15 and 30 amp and double pole 50 amp with a June or July date code, may have a non-conforming "spring clip" plug-in assembly that breaks or fails to provide sufficient force to maintain a proper electrical connection in the panel board. Over time, this condition could lead to excessive temperature, arcing or thermal damage at the connection point, and potential damage to the panel board's electrical insulation. Such activity may, in extreme situations, lead to fire, property damage, or personal injury.

What We Will Do

Dutchmen representatives have been in contact with the staff at your selling dealership regarding this situation. The remedy is to inspect the single 15 and 30 amp and double 50 amp breakers and replace it if the date code is 0610 or 0710. The service and parts required for this corrective action will be provided at no charge to you.

What You Should Do

At your earliest convenience, please make an appointment to have your RV serviced by your dealership. The labor time to perform this correction is approximately one hour. Please ask your dealer if you wish to know how much additional time will be needed to schedule and process your RV for this repair. Your dealer is best equipped to obtain parts and provide service to ensure your RV is corrected as promptly as possible.

Dutchmen Manufacturing, Inc.
P.O. Box 2164
Goshen, IN 46527-2164

NHTSA Recall No. 10V-589
Transport Canada Recall No. 2010-410

If you have questions concerning this recall or if you need any assistance such as locating a Dutchmen authorized dealer or repair facility, please contact the **Dutchmen Warranty/Service Department** by mail at Dutchmen Manufacturing Inc., P.O. Box 2164, Goshen, IN 46527, by email at 'warranty@dutchmen.com', or by phone at 574-537-0700.

If you had appropriate repairs completed prior to receipt of this recall notice, and if you incurred any direct cost in connection with obtaining such repair, you may be eligible to receive reimbursement from Dutchmen by contacting the **Dutchmen Warranty/Service Department**.

Notifications

We have notified the National Highway Traffic Safety Administration and Transport Canada of this recall and the procedures involved. Should Dutchmen fail or be unable to correct the defect without charge, you may write to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue, SE., Washington, DC 20590; or call the toll-free Vehicle Safety Hotline at 1-888-327-4236 (TTY: 1-800-424-9153); or go to <http://www.safercar.gov>.

Federal regulations require that any vehicle lessor receiving this recall notice must forward a copy of this notice to lessee within 10 days.

We are sorry to cause this inconvenience; however, we have taken this action in the interest of your safety and continued satisfaction with our travel trailers.

Sincerely,

Jerry McCarthy
Director of Service Operations
