HEATING, VENTILATION & AIR CONDITIONING DRAIN TUBE AND GROMMET

Dear: (Name)

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Chrysler has decided that a defect, which relates to motor vehicle safety, exists in some **2008 model year Dodge Grand Caravan and Chrysler Town & Country vehicles.**

The problem is... **The Heating, Ventilation & Air Conditioning (HVAC) drain tube and grommet on your vehicle (VIN: xxxxxxxxxxxxxxxxx) may leak water onto the passenger compartment carpet and/or the Occupant Restraint Control (ORC) module. What your dealer will do... **Chrysler will repair your vehicle free of charge (parts and labor). To do this, your dealer will replace the HVAC drain tube and grommet. The work will take about 3/4 hour to complete. However, additional time may be necessary depending on service schedules.**

What you must do to ensure your safety... **Simply contact your Chrysler, Jeep, or Dodge dealer right away to schedule a service appointment. Ask the dealer to hold the part for your vehicle or to order it before your appointment. **Please bring this letter with you to your dealer.****

If you need help... **If you have questions or concerns which your dealer is unable to resolve, please contact Chrysler at 1-800-853-1403.**
