**Certain 2011 Model Year Sienna Vehicles
Brake Light (Stop Lamp) Switch Bracket
SAFETY RECALL FOLLOW-UP NOTICE (Replacement Parts Now Available)
URGENT**

Dear Toyota Customer:

This notice is being sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Toyota has decided that a defect, which relates to motor vehicle safety, exists in the location of the Brake Light (Stop Lamp) Switch Bracket on certain 2011 model year Sienna vehicles. Our records indicate that you own a vehicle that has not yet had this condition corrected.

What is the condition?

The stop lamp switch is mounted on a small bracket welded on the left side of the brake pedal support assembly. The bracket is relatively close to the parking brake pedal when the parking brake is fully applied. Due to its proximity to the parking brake pedal, in limited circumstances the stop lamp switch bracket could be deformed (bent) by the operator's foot during parking brake application. Depending on the amount of bracket deformation, this condition could result in the stop lamp switch engaging and causing the brake lights to remain on. If the deformation is significant, the service brake could become partially engaged due to contact from the bracket, resulting in brake drag with associated brake noise, vibration, and/or illumination of the brake warning light. If the vehicle operator does not notice these conditions and continues to drive the vehicle, braking effectiveness could be reduced, increasing the risk of a crash.

What is Toyota going to do?

The replacement part for your vehicle is now available. Toyota will replace the Brake Pedal Bracket Assembly, which includes the stop lamp switch bracket, with one of a different shape. The shape of the new stop lamp switch bracket will be changed, taking into account its proximity to the parking brake pedal and the possibility that it could be contacted by the driver's foot when operating the parking brake pedal.

What should you do?

This is an important Safety Recall

Please contact your authorized Toyota dealer to make an appointment to have this important remedy performed on your vehicle as soon as possible.

The Brake Pedal Bracket Assembly replacement will take approximately an hour and a half. However, depending on the dealer's work schedule, it may be necessary to make your vehicle available for a longer period of time.

Prior to your appointment, please be aware of the close proximity of the stop lamp switch bracket to the parking brake pedal, shown in the diagram below. You may minimize the possibility of this condition occurring until the remedy is performed by assuring the bracket is not bent. We apologize for any inconvenience created by this condition.

If you would like to update your vehicle ownership or contact information, please go to www.toyota.com/ownersupdate. You will need your full 17-digit Vehicle Identification Number (VIN) to input the new information.

What if you have other questions?

Your local Toyota dealer will be more than happy to answer any of your questions. If you require further assistance, you may contact the Toyota Customer Experience Center at 1-888-270-9371 Monday through Friday, 5:00 am to 6:00 pm, Saturday 7:00 am through 4:00 pm Pacific Time.

If you believe that the dealer or Toyota has failed or is unable to remedy the defect without charge within a reasonable time, you may submit a complaint to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue S.E., Washington, DC 20590 or call the toll free Vehicle Safety Hot Line at 1-888-327-4236 (TTY: 1-800-424-9153), or go to www.safercar.gov.

If you are a vehicle lessor, Federal law requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the vehicle lessee within ten days of your receipt of this letter.

We have sent this notice in the interest of your continued satisfaction with our products, and we sincerely regret any inconvenience this condition may have caused you.

Thank you for driving a Toyota.

Sincerely,

TOYOTA MOTOR SALES, U.S.A., INC.
