

March 2011

Dear General Motors Customer:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

General Motors has decided that a defect, which relates to motor vehicle safety, exists in certain 2005 model year Cadillac CTS and CTS-V vehicles. As a result, GM is conducting a safety recall. We apologize for this inconvenience. However, we are concerned about your safety and continued satisfaction with our products.

I M P O R T A N T

- Your vehicle is involved in safety recall 10355.
- Schedule an appointment with your GM dealer.
- This service will be performed for you at **no charge**.

Why is your vehicle being recalled?

Your vehicle may have a condition in which repeated flexing of the Passenger Sensing System mat in the front passenger seat may cause the mat to kink, bend, or fold. This flexing can break the connections in the mat. If this occurs, the front passenger airbag could become disabled. If the airbag becomes disabled, the passenger airbag status indicator on the rearview mirror will show that the airbag is off, the AIR BAG indicator will be illuminated, and a SERVICE AIR BAG message will appear in the Driver Information Center. In the event of a crash severe enough to activate the front passenger airbag, if the airbag does not deploy, it could result in increased injury for the occupant.

What will we do?

Your GM dealer will replace the Passenger Sensing System. This service will be performed for you at **no charge**. Because of service scheduling requirements, it is likely that your dealer will need your vehicle longer than the actual service correction time of approximately 45 minutes.

What should you do?

You should contact your GM dealer to arrange a service appointment on or after April 14, 2011.

Did you already pay for this repair?

The enclosed form explains what reimbursement is available and how to request reimbursement if you have paid for repairs for the recall condition. Because you have already had the repair, you do not need to take your vehicle to your dealer for this recall.

Do you have

If you have questions or concerns that your dealer is unable to resolve, please contact the appropriate Customer Assistance Center

questions? at the number listed below.

Division	Number	Text Telephones (TTY)
