Re: ** URGENT ** Request to Hold Units: 2010 Element Shift Cable Concern

If you receive this *i/N* message, you may have and/ or be receiving the vehicles that are affected by this request.

American Honda (AHM) is announcing this **HOLD Order**, which is effective on 7/30/2010.

Basic Problem

American Honda (AHM) has discovered that certain 2010 Elements may have a shift cable concern. **YOU MUST HOLD** all units found on the VIN list below.

Note: Any affected units sold after the posting of this notice that have problems that result in damage are the sole financial responsibility of the selling dealer.

Repair Strategy: Forthcoming

Affected VINs List:

Action Required:

Call Technical Research & Support (TRS) Group at 1-800-880-1072 and ask for Mrs. Emily Figueroa if any units have been sold or dealer traded.

Thank you,
