Subject: Owner Renotification of Non-Completed Safety Recalls and Service Campaigns

Safety Recall completion is important not only in satisfying government requirements but also as an integral part of our commitment to meet customer expectations of Toyota products. Toyota will be sending Safety Recall Follow-Up Notices to remind owners whose vehicles have not yet had recall campaign repairs completed.

We request your assistance in completing the applicable recall campaign repairs as owners receive the Safety Recall Follow-Up Notice and contact your dealership. Please note the follow-up activity may cause an increase in your current recall campaign owner appointments. Toyota will continue with additional follow-up activities in the months to come. Please take this into consideration when analyzing your manpower requirements.

1. Safety Recall Campaign(s) Involved in the Follow-Up

Safety Recall No.	Safety Recall Campaign Description (Safety Recall Title)	Model and Model Year
90L	Potential Floor Mat Interference with Accelerator Pedal	'09 - certain '10 MY Venza
		'09 - certain '10 MY Corolla/Matrix
		'07 - certain '10 MY Tundra
		'05 - certain '10 MY Tacoma
A9E	Corrosion of the Spare Tire Carrier Cable	'98 - '10 MY Sienna* *Vehicles in CT, DE, IL, IN, KY, MA, MD, ME, MI, MN, NH, NJ, NY, OH, PA, RI, VA, VT, WI, WV, and the District of Columbia
A0G	VSC System, Skid Control ECU Update	Certain '03 MY Sequoia
A0H	Steering Column Upper Bracket Replacement	Certain '00 - '04 MY Avalon
A0J Phase 1	1ZZ-FE Engine Control Module	Certain '05 - '08 MY Corolla and Matrix
A0M	Brake Master Cylinder Cup Seal Replacement	Certain '05 - '06 MY Avalon Certain '04- '06 Highlander (Non-Hybrid)

2. Safety Recall Follow-Up Owner Notification Letter Mailing Date

The Safety Recall Follow-Up Owner Notification Letters ("owner letters") will begin in mid-July 2011, approximately one week after the dealer notification. The owner letters will be mailed over a period of several weeks consistent with parts availability by first class mail as required by Federal regulation.

3. Technical Instructions

Technical Instructions to conduct these campaigns can be found on **TIS**.

4. Number of Involved Vehicles

Dealer Reports will no longer contain a VIN list. However, they will contain the number of involved vehicles per dealership where applicable. These counts are based upon the dealership's Primary Marketing Area (PMA) or selling dealership where applicable. Based upon our records, a dealership which does not have a vehicle covered by this renotification in their PMA will receive a report indicating so.

5. Parts Ordering

The applicable parts ordering information can be found in the Dealer Cover Letter and Technical Instructions of the **specific** Safety Recall or LSC. As a practice, please utilize the following guidelines to determine your parts order for this renotification activity:

- Check current stock levels.
- Order parts ensuring that dealership stock levels do not exceed 5% of the notices being mailed in your dealership's PMA.
- Subsequent orders should be based on customer appointments.
- Replenishment orders of parts should be based on a "sell one, buy one" basis.

6. Vehicles in Dealer Stock

Dealerships are requested to perform recall campaign procedures on any vehicles in your stock prior to delivery. Always verify eligibility by consulting Dealer Daily/TIS prior to performing repairs.

7. Customer Handling and Dealership Follow-Up

Please consider this Safety Recall follow-up a great opportunity to focus on assuring customers that their safety remains Toyota's highest priority. Customers who receive the Safety Recall Follow-Up Notice may contact your dealership with questions regarding the letter and/or Safety Recall remedy. Please ensure that all customer contact personnel are aware of this Safety Recall and know how to accurately answer customer's questions or how to direct the customer to someone that can. Please welcome them to your dealership and answer any questions that they may have.

Toyota encourages dealerships to follow-up with their customers by telephone to remind them of the non-completed Safety Recall. The following word track has been provided for this purpose. To assure a consistent and accurate description of the Safety Recall is communicated to the customer, dealership associates are requested to refer to the specific Safety Recall Q&A (available in TIS) to answer any specific customer questions.

Hello [Mr./Ms.] _____ [Customer Name],

Our dealership _____ [Dealership Name] is following up with you regarding Safety Recall _____ [Safety Recall No.] which involves _____ [Safety Recall Title]. Our records indicate that your vehicle falls within the parameters of this Safety Recall and as a customer convenience I would like to answer any questions that you may have. [Answer any questions using the Safety Recall Q&A for the applicable recall]

May I schedule an appointment for your vehicle to complete this important recall campaign?

What date and time will be convenient for you to bring your vehicle into our service department which is located at _____ [dealership address]. If you have any further questions or concerns, please contact me at _____ [contact name and telephone no.]

To ensure customer satisfaction, please review this letter with your Service and Parts staff to familiarize them with the proper procedure for this Service Campaign.

Thank you for your cooperation.
