RE: NOTICE OF POSSIBLE DEFECT
TRAILER SERIAL # 537026
NHTSA ID# 10V-060

Dear Sir: **SAFETY RECALL NOTICE**

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. This is the 2nd notice sent to you regarding this recall. Wilson Trailer Company has decided that a defect which relates to motor vehicle safety exists on certain Wilson spread tandem livestock trailers manufactured with Neway RL, RLU and CB-2300 suspensions built from March 1, 2000 to August 1, 2008.

The defect concerns the cross channel between the front and rear suspension hangers. The cross channel can break and, if undetected, over time can cause the frame to flex causing severe cracking of the frame. This could lead to a loss of suspension and increase a risk of a crash.

To remedy this defect, please contact your Wilson dealer or authorized repair facility so they can inspect the area of concern, replace the existing channel with a new style and repair any existing cracks of the frame. The inspection, repair, and installation will be provided to you at no cost.

If you have any questions regarding this notice, please contact your Wilson dealer or Todd Heitman at Wilson Trailer Company or if you do not presently own the above listed trailer please contact Linda Kollbaum at Wilson Trailer Company at 1-800-798-2002.

Federal regulations require that any vehicle lesser receiving this recall notice must forward a copy of the notice to the lessee within ten days.

If you had this repair performed before you received this letter, you may be eligible to receive reimbursement for the cost of obtaining a pre-notification remedy of the problem associated with this recall. For more information contact Wilson Trailer Company, Todd Heitman at 1-800-798-2002.

We regret any inconvenience that this action may cause you. However, we are concerned about your safety. If your dealer fails or is unable to remedy this defect without charge and within a reasonable time, you may submit a written complaint to the Administrator National Highway Traffic Safety Administration, 1200 New Jersey Ave SE, Washington, DC 20590 or call the toll-free Auto Safety Hotline at 1-888-327-4236 (TTY: 1-800-424-9153) or go to
