Technical

Miller Electric Mfg. Co.
An Illinois Tool Works Company
1635 West Spencer Street
Appleton, WI 54912 USA
920-735-4505

Forward to: **Service Department**
From: Industrial Engine Drive Business Unit Service Department
Date: **November 8, 2010**
Number: _____
Subject: HWY- 224 and OFR-224 Trailer Axle Replacements

This Memo is sent in accordance to the requirements of the National Traffic and Motor Vehicle Safety Act.

Miller Electric Mfg. Co. has sent this notice to inform you that a defect which relates to motor vehicle safety exists in certain HWY-224 and OFR-224 Trailer Axle assemblies. Through a product audit, it has come to our attention that the hub assembly is at risk of premature failure. It is possible that the wheel(s) could disconnect without prior warning and cause a serious safety hazard. If corrective action is not taken a vehicle crash may occur and \or persons may be injured by the disconnected wheel(s).

All Trailers with the VIN Number Prefix of 5VSML----- Manufactured prior to **November of 2010**. *Date to be verified?*

To correct the problem Miller Electric is offering replacement axles for the affected trailers. The replacement part number for the axle kit is 250695.

Normal warranty procedures will apply for this Memo.

Should you have any questions please contact us at Miller Electric Industrial Engine Drive Service Group at 920-735-4505.
