SAFETY RECALL CAMPAIGN # 11V-039
Amendment to Defect & Noncompliance Report dated January 19, 2011

Dear Kelly Schuler,

After further research we have determined that the actual number of vehicles involved in this recall is 1,621 not 1,632, as we had first reported to NHTSA.

In addition to this change we have also concluded that there are two additional VIN numbers that need to be added to our original report to NHTSA.

The VIN Breakdown is:

515LL A or D 1 or 2 2 or 4 0 through 9 9, A or B 1 Sequential, starting with 000001 through 003637 and 003659, and 003660

The additional VINs are 003659 and 003660.
The complete list of VIN numbers are attached to this letter.
