Dear Mr. Smith:

I am enclosing the documents you requested. In addition, I enclose my full list of Webasto Sunroofs installed by my company. Please note that we have only installed approximately 15 Sunroofs since 2005 when we became a certified installer. I have a partial VIN# for one new vehicle through Greenwood Chevrolet in Austintown, Ohio. The only other new vehicle that we placed a sunroof in is the Hummer, which we are currently waiting for the parts to arrive to replace it.

All of the other sunroofs installed were done on older vehicles. Unfortunately, we did not document their VIN#, make, model, etc. However, we gave all customers their registration information. We documented the WPI#. I am providing you with the full list of information on hand.

I hope this information is useful to you. Please advise me if I might be of further assistance to you.

Sincerely,

Mary Dutton, Owner
