Dear Sir or Madam:

Pursuant to 49 CFR Part 573, Jayco, Inc. (“Jayco” or the “Company”) is submitting this report to NHTSA concerning a recall campaign, which is being voluntarily initiated. Specific information is as follows:

573.6(c)(2)

Affected vehicles are 2007 & 2008 Jay Feather LGT Travel Trailers.

The affected vehicles were manufactured between October 9, 2006 and April 17, 2008.

The recall population was determined from the manufacturing records for the Company’s manufacturing plant in Middlebury, Indiana, which produced the affected recreational vehicles.

573.6(c)(3)

A total of 2444 vehicles are subject to this recall. Specific Vehicle Identification Numbers (VIN) are as follows:

Model year 2007 & 2008 vehicles with a starting VIN of 1UJBJ02M081JF0052 and ending with 1UJBJ02RX81JW0166.

573.6(c)(4)

Jayco is recalling 100 percent of the affected vehicles identified in the scope.

573.6(c)(5)

Jayco has decided that certain 2007 & 2008 Jay Feather LGT Travel Trailers may have insufficient clearance between the tires and the wheel well. This could allow the tires to contact the wheel well which could result in a collision, injury, or death.

573.6(c)(6)

Jayco decided to conduct this recall following an internal investigation subsequent to receiving VOQ 10425398. Jayco is not aware of any injuries or accidents related to this issue.

573.6(c)(8)

The remedy for the affected recreation vehicles will involve adding a spacer to increase the distance between the axle and the wheel well.

Copies of the repair instructions, dealer notification letters, and owner letters will be provided to the agency within 10 business days. Jayco is contacting all dealers and retail owners of the affected vehicles. Upon notification Jayco is prepared to begin dealer notification within 5 business days after approval, and to owner's ten business days subsequent to dealer notification.

Thank you for your assistance,
