**TO:** All U.S. Ford and Lincoln Dealers

**SUBJECT:** **Safety Recall 11S20 - Supplement #1**  
Certain 2007 Model Year Five Hundred and Montego Vehicles  
Fuel Tank Replacement

**REF:** **Safety Recall 11S20**  
Dated July 8, 2011

**New! REASON FOR THIS SUPPLEMENT**

- *Announce the availability of a new fuel tank kit.*
- *Provide a new service procedure, associated labor operations, and part numbers.*
- *Advise dealers that the previous service fuel tank should no longer be ordered for 11S20 repairs.*

**AFFECTED VEHICLES**

Certain 2007 model year Five Hundred and Montego vehicles built at the Chicago Assembly Plant from September 5, 2006 through September 11, 2006. Affected vehicles are identified in OASIS. In addition, for a list of vehicles assigned to your dealership, visit <https://web.fsavinlists.dealerconnection.com>. This information will be available by July 8, 2011.

**REASON FOR THIS SAFETY RECALL**

In some of the affected vehicles, the fuel tank may have an improper weld between the plastic fuel tank and the plastic fuel filler inlet device. In the event of a severe rear impact to the vehicle, the weld may not provide the expected strength and could result in a fuel leak. A sufficient fuel leak in the presence of an ignition source may result in a fire.

**SERVICE ACTION**

Dealers are to replace the fuel tank in the affected vehicles. This service must be performed on all affected vehicles at no charge to the vehicle owner.

**OWNER NOTIFICATION MAILING SCHEDULE**

Owner Letters are expected to be mailed the week of August 15, 2011. Dealers should repair any affected vehicles that arrive at their dealerships, whether or not the customer has received a letter.
