Parts Availability:

Initially, American Honda has allocated and shipped rear brake reservoir kits to all dealers that have inventory of affected ST1300 motorcycles. Parts will begin to arrive this week. Due to a limited initial supply, please confirm receipt of this shipment before ordering additional kits, as they may not be needed. If you have any questions or need assistance, please call TechLine at (800) 421-1900, option 9

Sincerely,
