Please note the change of part numbers listed below.

Reference Bulletins: TJ 25200, SMB 77-247A

Volvo Cars of North America, LLC (Volvo) has decided that certain model year 2011-2012 S60 vehicles equipped with an accessory spare tire fail to conform to Federal Motor Vehicle Safety Standard No. 110, "Tire selection and Rims."

The Tire and Loading Information label located on the "B" Post in the driver's door opening; required by Federal Motor Vehicle Safety Standard (FMVSS) 110 Section 4.3; may not contain the spare tire size and inflation pressure information. However, the information on the tire sidewall and in the owner's manual is correct.

Recall 247A applies only to S60 vehicles with an accessory spare tire.

The corrective action is to inspect the Tire and Loading Information label to ensure it has the spare tire information, and replace the label if necessary. Volvo retailers will also add a Spare Wheel Supplement to the spare tire section of the Owner's Manual.

This Recall 247A affects 1,011 vehicles in the U.S. and 13 in Canada. There will not be an allocation for this recall. Please only order these parts as needed.

The following part numbers apply:

Part Number	Description	Qty
31373162	Old # Decal (Tire Pressure Label)	1
31373304	Current # Decal (Tire Pressure Label)	1
This number will be used until stock runs out		
31414078	New # Decal (Tire Pressure Label)	1
This number will be available approximately June 1, 2013		

Produced in the USA and available as an electronic document. Hard copy documents are printed in USA on recycled paper containing a minimum of 50% wastepaper and 10% post-consumer waste.
