Re: Notice of Safety Recall of Fuel Pump Modules
Delphi Brand Part Number FG0517-11B1

NHTSA Recall Number 11E-009

Dear Sir or Madam:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

TI Group Automotive Systems (TIGAS) has decided that a defect, which relates to motor vehicle safety, exists in certain Delphi parts manufactured by TIGAS between April 16, 2010 and December 2, 2010. You have been identified as the possible purchaser/installer of a Delphi brand *aftermarket* fuel pump module manufactured by TIGAS.

The defective fuel pumps may seize, stopping fuel flow to the engine and causing the vehicle to stall which could result in a vehicle crash. Once seized, the fuel pump will no longer operate and must be replaced. TIGAS and Delphi have initiated a program to replace fuel modules that may be affected by this defect, at no charge to the owners. Please complete the following instructions to determine whether you should take advantage of this program.

NOTE: IF YOU HAVE ANY QUESTIONS REGARDING THESE INSTRUCTIONS, CANNOT COMPLETE THEM, OR ARE UNCERTAIN AS TO HOW TO PROCEED, PLEASE CALL RECALL MANAGEMENT INC. AT 1-866-867-3759 FOR ASSISTANCE.

Instructions:

1. If you own one of the following motor vehicles and have installed or have had an automotive repair facility install, a Delphi brand **AFTERMARKET** fuel pump module on one of these vehicles between April 16, 2010 and the date of this notice, proceed to Instruction # 4. If you are an automotive repair facility and have installed a Delphi brand AFTERMARKET fuel pump module on one of these vehicles between April 16, 2010 and the date of this notice, please proceed

to Instruction # 5.
