

Recall Campaign Number: 11V-039

Dear Fairplay EVE LSV owner,

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Fairplay Electric Cars, LLC has decided that a defect which relates to motor vehicle safety exists in all Fairplay EVE LSV models manufactured from July 2009 through December 2010. A fuse specified to be in the 12V accessory circuit was not built in to the wiring harness. The fuse value on the input to the voltage reducer was too large to prevent possible damage. There was no fuse inserted in the 12 volt circuit. Without this fuse for protection a short in any portion of the 12V wiring can melt wire insulation and pose the risk of a fire.

Your vehicle is affected by this potential occurrence. For this reason, we ask that you arrange for service to correct the condition without delay. The service and required parts as described in this letter will be provided to you, free of charge.

To correct this condition, your dealer will perform Two actions to eliminate the problem: 1) change the ATO fuse on the input to the voltage reducer from 20 amps to a more reasonable 7.5 amp value 2) Add a 20 amp fuse with holder to the 12V reducer output side.

This work will take your dealer approximately 30 minutes to complete. However, additional time may be required depending on how dealer appointments are scheduled and processed.

To obtain this free service, please contact your nearest Fairplay Dealer immediately to schedule the replacement of the above mentioned part(s). Please take this letter to your dealer when you schedule your free service.

If you have any problems obtaining the needed repair, please contact Fairplay Electric Cars, LLC at 1-866-557-0342 toll free number. A Fairplay representative will arrange for prompt attention to your vehicle.

We regret any inconvenience which this action may cause you. However, we are concerned about your safety. If you feel that Fairplay has not provided free remedy within a reasonable amount of time, you may wish to write to the Associate Administrator for Enforcement, National Highway Traffic Safety Administration, 1200 New Jersey Avenue, SE, Washington, DC 20590 or contact the Vehicle Safety Hotline at 1-888-327-4236 (TTY: 1-800-424-9153); or go to <http://www.safercar.gov>

Thank you for your attention to this important matter.

Fairplay Electric Cars, LLC

SAFETY RECALL LABOR REQUEST FORM - CAMPAIGN #11V-039

VIN #: S15LL Date of Purchase: _____ Invoice #: _____

*All 17 digits must be entered

Dealer Information:

Dealer Name: _____
Address: _____
City: _____ State: _____ Zip: _____
Phone: _____ Contact: _____
Today's Date: _____ Date of Repair: _____

NOTES REGARDING REPAIR:

LIST PARTS USED FOR REPAIRS:

Part:	Description:	Sales Order / Invoice:	Date:	Labor Time:
CSA-004-7.5	7.5 ATO Fuse	_____	_____	0.1
CSA-003-7.5	Fuse Holder	_____	_____	0.2
Connector-Butt	12/14 Gauge Butt Connectors	_____	_____	0.2

Total: 0.5

@ \$45 per hour

Labor Dollars: \$22.50
