

SAFETY RECALL NOTICE

VOLVO

**SAFETY RECALL RVXX1101
APRIL 2011**

DEAR VOLVO TRUCK OWNER:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Volvo Trucks North America has decided that a defect which relates to motor vehicle safety exists in certain Volvo vehicles.

SAFETY DEFECT: There exists the potential for the vehicle to crank without warning because of an unintended path to ground that exists. This can occur when either the negative battery cable is disconnected at the battery/fusible link or if the fusible link opens as a result of a short circuit.

SAFETY RISK: This presents a risk of injury with nonoperational conditions such as when the vehicle is being serviced.

PRECAUTIONS YOU CAN TAKE: When servicing the vehicle remove both battery cables. The positive cable must be disconnected first and then the negative cable. An alternative is to disconnect the battery using the battery disconnect switch if the vehicle is so equipped.

TIME REQUIRED FOR THE REPAIR: The labor time required to repair your vehicle if required is approximately one hour.

WHAT YOU SHOULD DO: You should contact the nearest Volvo Parts and Service Center and make an appointment. Your vehicle will be repaired at no charge to you. All Volvo Parts and Service Centers have been sent a bulletin covering all the details required to perform the safety recall.

You can locate the closest Volvo Parts and Service Center by going on line to <http://www.volvo.com/trucks/na/en-us/dealers/> and selecting "Dealer Locator" or by calling our toll-free number: (800) 528-6586.

NOTICE REGARDING LEASED VEHICLES: If you are a Lessor of vehicles subject to this Notice, you have an obligation under Federal Law to provide a copy of this Notice to all Lessees within 10 days of your receipt of this Notice. Further, you must maintain a record, which identifies the Lessee(s) to whom you send a copy of this letter, the date you send this letter, and the Vehicle Identification Number(s) of the vehicle(s) that you have leased to that lessee. For purposes of this Notice, the term Lessor means: a person or entity that is the owner, as reflected on the vehicle's title, of any five or more leased vehicles (as defined in CFR Section 577.4), as of the date of notification by the manufacturer of the existence of a safety-related defect or non-compliance with a Federal Motor Vehicle Safety Standard in one or more of the leased motor vehicles.
