

**Certain 2008 through 2011 Model Year Land Cruiser, Sequoia, Tacoma and Tundra
Vehicles Equipped with TRD Accessory Wheels and Toyota-Recommended Light Truck tires
SAFETY RECALL NOTICE**

[VIN]

DRAFT

Dear Toyota Customer:

This notice is being sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Toyota has decided that certain 2008 through 2011 Model Year Land Cruiser, Sequoia, Tacoma and Tundra vehicles fail to conform to Federal Motor Vehicle Safety Standard (FMVSS) No.138, Tire Pressure Monitoring System.

What is the condition?

Our records indicate that TRD accessory wheels and Toyota-recommended Light Truck (LT) tires were installed on your vehicle. When these tires were installed, the low pressure warning light was not set so that it would come on at the tire pressure required by the standard.

In this condition, if a tire becomes significantly under inflated, the light may not provide a driver adequate warning, which could lead to tire failure and increase the risk of a crash.

What is Toyota going to do?

Toyota will re-calibrate the tire pressure monitoring system so that it will operate as required by the standard. At the same time, the recommended cold tire inflation pressure will be revised, and the dealer will also install an updated tire and loading information label, at **no charge**.

What should you do?

This is an important Safety Recall

Please contact your authorized Toyota dealer to make an appointment to have this important remedy performed on your vehicle as soon as possible.

The remedy will take approximately 20 minutes. However, depending upon the dealer's work schedule, it may be necessary to make your vehicle available for a longer period of time.

If you would like to update your vehicle ownership or contact information, please go to www.toyota.com/ownersupdate. You will need your full 17-digit Vehicle Identification Number (VIN) to input the new information.

What if you have other questions?

Your local Toyota dealer will be more than happy to answer any of your questions. If you require further assistance, you may contact the Toyota Customer Experience Center at 1-888-270-9371 Monday through Friday, 5:00 am to 6:00 pm, Saturday 7:00 am through 4:00 pm Pacific Time.

If you believe that the dealer or Toyota has failed or is unable to remedy the defect without charge within a reasonable time, you may submit a complaint to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue S.E., Washington, DC 20590 or call the toll free Vehicle Safety Hot Line at 1-888-327-4236 (TTY: 1-800-424-9153), or go to <http://www.safercar.gov>.

If you are a vehicle lessor, Federal law requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the vehicle lessee within ten days of your receipt of this letter.

We have sent this notice in the interest of your continued satisfaction with our products, and we sincerely regret any inconvenience this condition may have caused you.

Thank you for driving a Toyota.

Sincerely,

TOYOTA MOTOR SALES, U.S.A., INC

DRAFT

Dear Toyota Customer:

This notice is being sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Toyota has decided that certain 2008 through 2011 Model Year Land Cruiser, Sequoia, Tacoma and Tundra vehicles fail to conform to Federal Motor Vehicle Safety Standard (FMVSS) No.138, Tire Pressure Monitoring System.

What is the condition?

This notice applies to you **only if** TRD accessory wheels and Toyota-recommended Light Truck (LT) tires were installed on your vehicle at the time of new vehicle sale. When these tires were installed, the low tire pressure warning light was not set so that it would come on at the tire pressure required by the standard. In this condition, if a tire becomes significantly under inflated, the light may not provide a driver adequate warning, which could lead to tire failure and increase the risk of a crash.

What should you do?

You can inspect your wheels and tires to determine if your vehicle is equipped with both TRD Accessory Wheels and Toyota-recommended Light Truck (LT) tires.

If you are not comfortable doing this, any authorized Toyota dealer will perform the inspection, at **no charge**.

1.) Is your vehicle equipped with the TRD Accessory wheels shown below?

Answer: No – Vehicle is not affected.

Yes

→ 2.) Inspect for LT Type Tire

LT	265/70R16	Tacoma
LT	285/70R17	Tundra, Sequoia, & Land Cruiser

If your vehicle is equipped with the TRD Accessory Wheels and Toyota-recommended Light Truck (LT) tires shown above, please contact your authorized Toyota dealer to make an appointment to have this important remedy performed on your vehicle as soon as possible.

If the vehicle is **NOT** equipped with the TRD Accessory Wheels and Toyota-recommended Light Truck (LT) tires shown above, you may go to www.____.com/ [website url TBD] to indicate your inspection results to us. Doing so will remove your vehicle's information from future mailings regarding this Safety Recall.

The remedy will take approximately 20 minutes. However, depending upon the dealer's work schedule, it may be necessary to make your vehicle available for a longer period of time.

If you would like to update your vehicle ownership or contact information, please go to www.toyota.com/ownersupdate. You will need your full 17-digit Vehicle Identification Number (VIN) to input the new information.
