Re: Safety Recall Notice Regarding All Brenner Tank Trailers Manufactured Between November 23, 2010 and February 25, 2011 Containing Gunite Corporation Automatic Slack Adjusters.

Dear Brenner Tank Customer:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Reason For This Inspection Campaign

Brenner Tank has decided that a defect which relates to motor vehicle safety exists in trailers manufactured by Brenner Tank in Fond du Lac, Wisconsin between November 23, 2010 and February 25, 2011. Trailers manufactured during that time-frame may include defective automatic slack adjusters manufactured by Gunite Corporation ("Gunite"). The defective slack adjusters could potentially have a flow notch in the handle of the slack adjuster. Slack adjusters with that flow notch could, under normal braking load, result in a broken housing that may cause the brake to be inoperative, which could increase the stopping distance and possibly result in a vehicle crash. Not all Gunite slack adjusters have this condition, but to ensure that they are properly inspected, slack adjusters bearing the specified date codes should be replaced.

What We Will Do

Brenner Tank will replace the Gunite automatic slack adjusters bearing part number 900SA10802 and which contain the combination lot numbers and mold lines that match the list below. Replacement slack adjusters will be provided to you at no charge.

What You Should Do

The Walker Group Holdings Transportation Tank Companies

Fond du Lac Plant
 450 Arlington Ave.
 P.O. Box 670
 Fond du Lac, WI 54936-0670

Phone: 920.922.5020
 Toll Free: 800.558.9750
 Fax: 920.922.0122
 Online: walkergroupholdings.com

What You Should Do

You should inspect all Brenner Tank trailer(s) purchased between November 23, 2010 and February 25, 2011 to determine whether they contain Gunitite automatic slack adjusters bearing Part Number 900SA10802 and, if so, whether the slack adjusters contain the combination lot numbers and mold lines matching the list below. If your Brenner Tank trailer contains one of these Gunitite automatic slack adjusters, please take your Brenner Tank trailer to one of the authorized service representatives on the attached list who can perform the necessary replacement. If you need assistance inspecting your Brenner Tank trailer, the authorized service representative can perform that as well.

If your trailer contains one of the Gunitite automatic slack adjusters, please contact **Bill Werner at Brenner Tank at (800) 558-9750**. Brenner Tank will promptly and without charge to you replace the defective slack adjusters and will reimburse you for shipping charges incurred in returning the slack adjusters. Brenner Tank also will pay for reasonable labor costs associated with the inspection of your trailer and/or replacement of the slack adjusters.

The slack adjusters involved are Gunitite brand automatic slack adjusters, Part Number No. 900SA10802, and which bear the following lot number and mold identification codes:

Lot Numbers and Corresponding Mod Line Nomenclature

Lot Nos.	Mold Line	Lot Nos.	Mold Line	Lot Nos.	Mold Line	Lot Nos.	Mold Line
0I06	1H	0K02	1H	1A15	1H	0K26	H
0I07	1H	0K04	1H	1A21	1H		
0I14	1H	0K10	1H	1A22	1H		
0I15	1H	0K12	1H				
0I17	1H	0K18	1H				
0I18	1H	0K22	1H				
0I19	1H	0K24	1H				
0I20	1H	0L12	1H				
0I26	1H	0L18	1H				
0J06	1H	0L22	1H				
0J07	1H	0L24	1H				
		0L28	1H				
		0L30	1H				

The lot number and mold line nomenclature are cast into the housing on each slack adjuster and can be found on the inside of the slack adjuster close to the outside flange. See the attached Gunitite Service Advisory.

The Walker Group Holdings Transportation Tank Companies

Fond du Lac Plant
450 Arlington Ave.
P.O. Box 670
Fond du Lac, WI 54936-0670

Phone: 920.922.5020
Toll Free: 800.558.9750
Fax: 920.922.0122
Online: walkergroupholdings.com

If you have difficulty identifying the date stamping on the slack adjuster you may contact Gunitite directly at **1-800-677-3786** between 7:00 a.m. and 4:00 p.m. Central time, Monday through Friday.

If your Brenner Tank trailer contains a defective Gunitite slack adjuster, or if after contacting Gunitite you cannot determine whether a particular slack adjuster is subject to this product inspection campaign, the slack adjuster(s) should be shipped to **Gunitite Corporation, 302 Peoples Avenue, Rockford, IL 61104; Attention Field Engineering**. Be sure to include your name, address and telephone number with any slack adjuster(s) you return. All slack adjusters containing the matching lot numbers and mold line identifiers will be replaced free of charge to you. Slack adjusters that are not included in the inspection campaign will be returned to you.

If, after contacting Gunitite and/or returning a slack adjuster subject to this product inspection campaign, you are not able to have a slack adjusters subject to this product inspection campaign replaced without charge and within a reasonable time, you may wish to write the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue, SE, Washington, DC 20590 or call 1-888-327-4236 (TTY: 1-800-424-9153); or go to <http://www.safecar.gov>.

Brenner Tank is sorry for this inconvenience; however, we have taken this action in the interest of your safety and continued satisfaction with Brenner Tank trailers.

Sincerely,

Jim Miller
VP Sales & Marketing
Transportation Division

Gunite® Automatic Slack Adjuster Inspection Instructions

NO: GUN2.0014

Use the following instructions to inspect your inventory of Gunite® Automatic Slack Adjusters.

1. Remove the automatic slack adjuster from the box and plastic shipping bag.
2. Inspect the automatic slack adjuster in two locations to determine the lot number.
 - a. On the side of the slack adjuster housing you will see the name Gunite and either an "H" or "1H". See Figure A. This is the mold line nomenclature.
 - b. On the bottom of the slack adjuster you will see the lot number information. See Figure B.
 - c. If the combination of slack adjuster mold line and lot number exactly match any of the combinations in the table below, see Figure C, the slack adjuster must be returned to Gunite. Please contact Customer Service at 1-800-677-3786 to obtain a Return Goods Authorization (RGA) document.
