SAFETY RECALL NOTICE

Date: April 15, 2011

Dear Turtle Top Vehicle Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

REASON FOR THIS RECALL: Turtle Top has decided that certain model year 2009 through 2011 transit buses and MPV specialty vehicles manufactured from May 4, 2010 through April 5, 2011, equipped with Turtle Top first aid kits, may contain non-sterile Povidine (PVP) Iodine Prep Pads which are being recalled by the manufacturer and distributor of the pads. The iodine pads may contain the presence of objectionable organisms which can cause life-threatening infections in at-risk individuals.

Turtle Top's records indicate that you have operating in your fleet one or more vehicles equipped with a Turtle Top first aid kit which may contain the iodine prep pads. A list of affected vehicle identification number(s) is enclosed.

WHAT WILL BE DONE: H & P Industries, Inc. and Triad Group is instituting a voluntary recall campaign and the program will be implemented through Certified Safety Manufacturing, Inc. A letter from Certified Safety detailing more of the specifics of this recall is included with this owner notification letter.

WHAT YOU SHOULD DO: Determine if you have a first aid kit affected by this recall by first inspecting kits to identify if the kit contains the prep pads being recalled. The kits affected can be identified by a label on the lower right hand edge of the first aid kit's side which states the manufacture date of "MFG 4/10" and part number "206123". See enclosed documentation to assist in identifying kits, labels, and affected iodine prep pads. Should you have a first aid kit in your possession identified as containing the affected iodine prep pads, open the kit and remove the pads from the kit. Recalled prep pads can be thrown away or returned to Certified Safety. Contact Certified Safety Manufacturing, Inc. to order replacement prep pads and / or to request a RGA number to return recalled prep pads to Certified Safety. Certified Safety can be contacted at 1-800-854-7474. The replacement iodine prep pads will be provided to you at no cost.

If Turtle Top or Certified Safety fails to repair or is unable to remedy this condition without charge or within a reasonable time, you may submit a written complaint to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue, SE., Washington, DC 20590, or call the toll-free Vehicle Hotline at 1-888-327-4236 (TTY: 1-800-424-9153); or go to <http://www.safercar.gov>.

The National Highway Traffic Safety Administration (NHTSA) has been informed of this recall notice and has assigned NHTSA campaign ID number 11V-224 to this campaign for Turtle Top.

We regret any inconvenience which this action may cause you; however, Turtle Top and Certified Safety are concerned about you and your passengers' safety. Thank you for your attention to this important matter.

Sincerely,

Janet L. Kercher-Dudley
Turtle Top Standards Engineer

March 30, 2011

Distributor: Turtle Top 01175/3030
Attn: Kent Nusbaum
Goshen, IN

Dear Valued Distributor,

As of March 15, 2011, one of Certified Safety's vendors, H&P Industries, has issued a **voluntary recall** (<http://www.fda.gov/Safety/Recalls/ucm247658.htm>) which includes ALL LOTS of **PVP Iodine Wipes** produced by Triad Group during calendar year 2010. These Wipes have been sold as a line item and packed in a variety of First Aid kits by Certified Safety Mfg during that time frame.

The line items containing the prep pads are as follows:

Part #	Description
R213-005	752 – PVP Iodine Wipes, 1" x 2", 10/Unit
R233-096	PVP Iodine Wipes, 1" x 2", 25/Box
R233-098	PVP Iodine Wipes, 1" x 2", 50/Box
R233-097	PVP Iodine Wipes, 1" x 2", 100/Box

Please see the attached list for additional kits containing PVP Iodine Wipes that Turtle Top purchased in calendar year 2010.

Certified Safety requests that all distributors take the following actions: 1) Use the attached and included part #'s to determine whether your kits contain PVP Iodine Wipes. 2) Remove any line item Wipes from stock. 3) Remove any PVP Iodine Wipes from kits which you currently have in stock. 4) Be certain to request that ALL of your customers also remove the line items and Iodine Wipes from kits. 5) Contact the Certified Safety office to confirm a RGA number and/or Notice of Destruction and to make arrangements for replacement items.

We appreciate your patience and understanding throughout this unfortunate circumstance. Thank you for your business.

Sincerely,

Danny Gregory

Identification of Turtle Top First Aid Kit Containing Povidone (PVP) Iodine Prep Pads

PRODUCT RECALL
April 06, 2011

Model: 2009 to 2010 Odyssey buses and Odyssey MPV vehicles with optional first aid kits installed. First aid kit is a white plastic box with “FIRST AID” and “TURTLE TOP” on the cover. Kit is 9” x 9” x 2.5” in size. See Figure 1. Label on the side of the box has “206123” and “MFG 4/10”. See Figure 2.

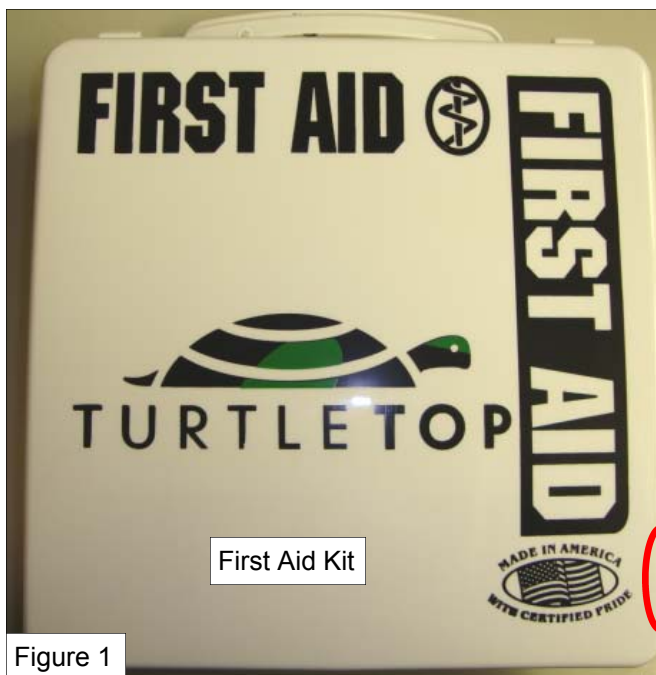

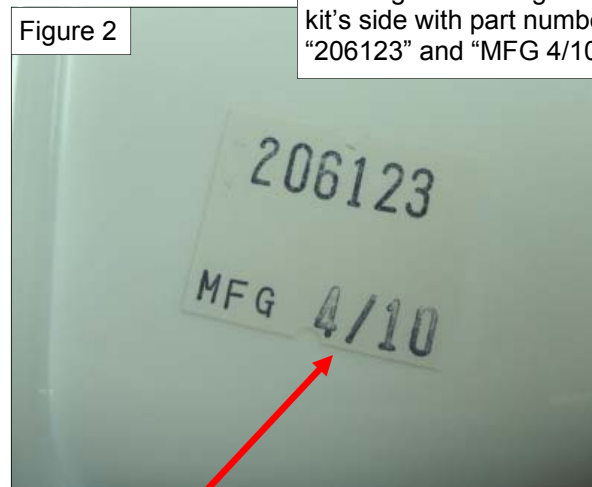

Issue: One item in the first aid kit is not sterile: Povidone (PVP) Iodine Prep Pads, one package of ten per first aid kit, blue box marked “PVP Iodine Wipe-ups”, with part number 752. Size of pad = 1” x 2”. See Figure 3.

Procedure: Inspect first aid kits to identify if the kit contains the prep pads being recalled. Prep pads in the kit need to be removed and replaced with new non-contaminated prep pads. Recalled prep pads can be thrown away or returned to Certified Safety. Contact Certified Safety Manufacturing, Inc. to order replacement prep pads and / or to request a RGA number to return recalled prep pads to Certified Safety.
