

Safety Recall Notice

Dear Customer:

This **Safety Recall Notice** is sent to you in accordance with the requirements of National Traffic and Motor Vehicle Safety Act.

Reason for This Recall

Thor Motor Coach (TMC) decided that a defect which relates to motor vehicle safety exists in the Damon and Thor Motor Coach Tuscany, Damon and Thor Motor Coach Astoria, and Damon Essence models of motor homes.

All of the motorhomes subject to this recall campaign have an underrated thermal circuit breaker installed into the wiper motor circuit. The breaker that was installed by TMC is 10 amps and should be 15 amps. The windshield wipers can completely stop operating if this breaker trips due to an overload. If this occurs the drivers clear field of vision may be reduced, which could result in a vehicle crash.

What We Will Do

TMC will install a new 15 amp circuit breaker in the wiper motor circuit. This defect will be corrected by TMC at no expense to you, the owner.

What You Should Do

You are to contact the nearest TMC dealer or repair facility to schedule an immediate replacement of the circuit breaker. This repair should take approximately 30 minutes to complete.

If you have questions concerning this recall or if you need any assistance such as locating a TMC authorized dealer or repair facility, please contact the **TMC Warranty/Service Department** by mail at TMC, P.O. Box 1486, Elkhart, IN 46515-1486, **or** by phone at *877-855-2867*.

If you had appropriate repairs completed prior to receipt of this recall notice, and if you incurred any direct cost in connection with obtaining such repair, you may be eligible to receive reimbursement from TMC by contacting the **TMC Warranty/Service Department**.
