IMPORTANT SAFETY RECALL NOTICE

November 15, 2011

Dear Yamaha Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Yamaha Motor Corporation, U.S.A., has decided that a defect which relates to motor vehicle safety exists in certain 2012 XTZ12B/BC ("Super Ténéré") motorcycles. Our records show that you own the affected motorcycle shown above.

The reason for this recall:

During the assembly process on affected motorcycles, the fuel pump O-ring may have been installed incorrectly in its groove. If the tabs located around the inner circumference of the O-ring were not seated into the groove properly during pump installation, the O-ring sealing lip could be pinched and damaged, preventing proper sealing. This could allow fuel to leak from around the fuel pump mounted under the fuel tank. Leaking fuel could result in a fire hazard.

What Yamaha and your dealer will do:

To correct this defect, your authorized Yamaha dealer will replace the fuel pump O-ring. **There will be no charge to you for this procedure.** Installing the new O-ring takes about 45 minutes, although your dealer may need to keep your motorcycle longer depending upon their schedule.

What you should do now:

Please call your Yamaha dealer to make a service appointment to have this procedure performed. At that same time, you can find out how long they expect to keep your motorcycle for this service. Remember to take this letter with you when you take in your motorcycle. **You should not ride your motorcycle until this modification is performed. Additionally, you should not park your motorcycle near sparks, open flames, or other sources of ignition until it is modified.**

If you are unable to return to the Yamaha dealer who sold you the motorcycle, this service will be performed by any authorized Yamaha Motorcycle dealer. For the name of a dealer near you, call 1-800-88-YAMAHA or visit the Yamaha web site at: www.yamaha-motor.com.

If you have had this repair performed before you received this letter, you may be entitled to receive reimbursement for the cost of obtaining a pre-notification remedy of the problem associated with this repair. For more information, contact Yamaha Customer Relations at 1-800-962-7926.

Federal regulations require that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within 10 days.

If you need help:
