## CFMOTO CF250T V3/V5 VEHICLE RECALL

Dear CFMOTO CF250T V3/V5 Customer:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

CFMOTO has decided that certain 2005 – 2009 CFMOTO CF250T V3/V5 model vehicles fail to conform to Federal Motor Vehicle Safety Standard No. 123. NHTSA has designated the CF250T V3/V5 model vehicles as Motorcycles. As a result, under NHTSA Regulation FMVSS No. 123, all CFMOTO CF250T V3/V5 model vehicles are now required to have a right foot control rear wheel brake actuator as an alternative to the left handlebar rear wheel brake actuator currently installed on your vehicle.

We believe that you currently have or have previously owned one of these units. For this reason we ask that you arrange for your dealer to correct your vehicle without delay. The service and required parts will be provided free of charge.

To correct this condition, your dealer will install a right foot control rear wheel brake kit and will remove your left handlebar rear wheel brake actuator currently installed on your vehicle. The work will take about 1.0 hour of labor to complete. However, additional time may be required depending on how dealer appointments are scheduled and processed. To obtain this free service, contact your CFMOTO dealer to schedule an appointment or contact CFMOTO customer service at (763)398-2690, for more information. If you no longer own the vehicle, please inform us.

If you had this repair performed before you received this letter, you may be eligible to receive reimbursement for the cost of obtaining a pre-notification remedy of the problem associated with this recall. For more information contact the CFMOTO customer service at (763) 398-2690.

We regret any inconvenience that this action may cause you. However, we are concerned about your safety. If your dealer fails or is unable to remedy this defect without charge and within a reasonable time, you may submit a written complaint to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue SE., Washington, DC 20590; or call the toll-free Vehicle Safety Hotline at 1-888-327-4236 (TTY: 1-800-424-9153); or go to <http://www.safercar.gov>.

Thank you for your patience and support in helping us to keep you safe.

Sincerely,

CFMOTO Powersports, Inc.
