OWNER NOTIFICATION

NHTSA RECALL 11V-579

Dear Nissan Sentra owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Nissan has decided that a defect which relates to motor vehicle safety exists in some 2010-2011 model year Nissan Sentra vehicles equipped with the 2.0 liter engine. Our records indicate that you own or lease the vehicle on the cover of this notice.

Reason for Recall

On specific 2010-2011 model year Nissan Sentra vehicles, the positive battery terminal bolt may have an out-of-specification coating. This may cause difficulty starting the vehicle and in rare instances, can cause the engine to stop running while the vehicle is in motion, increasing the risk of a crash.

What Nissan Will Do

Your Nissan dealer will replace the positive battery terminal and cover with a new one. This service, free for parts and labor, should take about an hour to complete, but your Nissan dealer may require your vehicle for a longer period of time based upon their work schedule. Please bring this notice with you when you keep your service appointment.
