Compliance Recall 11C21

Mr. John Sample
123 Main Street
Anywhere, USA 12345

Your Vehicle Identification Number: 12345678901234567

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Ford Motor Company has decided that your vehicle, with the Vehicle Identification Number shown above, fails to conform to the requirements specified in Federal Motor Vehicle Safety Standard (FMVSS) No. 114 Theft Protection and Rollaway Prevention.

We apologize for this situation and want to assure you that, with your assistance, we will correct this condition. Our commitment, together with your dealer, is to provide you with the highest level of service and support.

What is the issue? The Brake Shift Interlock Actuator is a device that prevents the transmission from being removed from the park position without pressing the brake pedal. It may be possible that the Brake Shift Interlock Actuator on your vehicle could bind, allowing an operator to inadvertently shift the vehicle into gear without the brake pedal being depressed, potentially resulting in a crash.

What will Ford and your dealer do? Ford Motor Company has authorized your dealer to perform an inspection of the Brake Shift Interlock Actuator function, and replace it if necessary, free of charge (parts and labor).

How long will it take? The time needed for this repair is less than one-half day. However, due to service scheduling requirements, your dealer may need your vehicle for a longer period of time. In addition, your vehicle will require inspection prior to determining if parts need to be ordered.

What should you do? Please call your dealer without delay and request a service date for Recall 11C21. Provide the dealer with the Vehicle Identification Number (VIN) of your vehicle. The VIN is printed near your name at the beginning of this letter.

If you do not already have a servicing dealer, you can access www.Fordowner.com for dealer addresses, maps, and driving instructions.

**What should you do?

Ford Motor Company wants you to have this recall completed on your vehicle. The vehicle owner is responsible for making arrangements to have the work completed. Ford Motor Company can deny coverage for any vehicle damage that may result from the failure to have this recall performed on a timely basis. Therefore, please have this recall performed as soon as possible.

Please note: Federal law requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.

What if you no longer own this vehicle?

If you no longer own this vehicle, and have an address for the current owner, please forward this letter to the new owner.

You received this notice because government regulations require that notification be sent to the last known owner of record. Our records are based primarily on state registration and title data, which indicate that you are the current owner.

Can we assist you further?

If you have difficulties getting your vehicle repaired promptly and without charge, please contact your dealership's Service Manager for assistance.
