

TMS-NTC-11051
March 29, 2011

Delia Lopez
Recall Management Division
National Highway Traffic Safety Administration
1200 New Jersey Avenue, SE
Washington, DC 20590

Dear Ms. Lopez:

Please find attached DRAFT Owner Notification Letters (remedy) for Safety Recall 11V-148 on the following models for your review:

Certain 2008 – 2011 FJ Cruiser vehicles*

**For the Land Cruiser, Sequoia, Tacoma and Tundra vehicles, a different DRAFT Owner Notification Letter(s) were previously submitted for your review.*

The first version, marked "PIO", will be sent to owners where Toyota's records indicate the accessory was installed.

The second version, marked "DIO" will be sent to the remaining owners of the affected vehicles on which the accessory wheels and TMS-recommended LT tires may have been installed. A return reply postcard will also be included in the DIO version. This will allow owners to indicate their inspection results to us if they wish.

A similar return reply postcard and corresponding language change has also been made to the Land Cruiser, Sequoia, Tacoma and Tundra DIO version of the owner letter. Although we do not believe this minor change modifies any regulated sections of the owner letter, we are providing both the modified owner letter and postcard for your review.

A dealer and owner notification mailing schedule has also been attached.

If you have any questions regarding this matter, please contact me at (310) 468-3392.

Sincerely,

George Morino
National Manager, Quality Compliance
