Re: Quarterly Report No. 4
NHTSA Campaign No. 11V-194

Dear Associate Administrator:

In accordance with 49 C.F.R. § 573.7, Brenner Tank submits this fifth quarterly report.

- (1) The notification campaign number assigned by NHTSA.

Response: 11V-194.

- (2) The date notification began and the date completed.

Response: Brenner Tank began sending customer notifications on April 13, 2011. Most notifications were sent on that day. The remaining notifications were sent on April 14, 2011. All notifications have been received.

- (3) The number of vehicles or items of equipment involved in the notification campaign.

Response: 114.

- (4) The number of vehicles and equipment items which have been inspected and repaired and the number of vehicles and equipment items inspected and determined not to need repair.

Response: A total of six trailers have been inspected. Replacement slack adjusters were installed on four of those trailers. The two other trailers were determined not to need repair.

- (5) The number of trailers determined to be unreachable for inspection due to export, theft, scrapping, failure to receive notification, or other reasons.

Response: None.

Please do not hesitate to contact me if you have any questions.

Sincerely,

Rick Kostro
