Gunite® Automatic Slack Adjuster Inspection Instructions

Use the following instructions to inspect your inventory of Gunite® Automatic Slack Adjusters.

1. Remove the automatic slack adjuster from the box and plastic shipping bag.
2. Inspect the automatic slack adjuster in two locations to determine the lot number.
 - a. On the side of the slack adjuster housing you will see the name Gunite and either an "H" or "1H". See Figure A. This is the mold line nomenclature.
 - b. On the bottom of the slack adjuster you will see the lot number information. See Figure B.
 - c. If the combination of slack adjuster mold line and lot number exactly match any of the combinations in the table below, see Figure C, the slack adjuster must be returned to Gunite. Please contact Customer Service at 1-800-677-3786 to obtain a Return Goods Authorization (RGA) document.
