REMINDER NOTICE

Subject: Meritor Driveline Seam Welds

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Daimler Trucks North America LLC, on behalf of its Freightliner Trucks Division and wholly owned subsidiary, Western Star Trucks Sales, Inc., has decided that a defect which relates to motor vehicle safety exists on specific Freightliner Argosy, Business Class M2, and Cascadia vehicles and Western Star 4900 and 6900 vehicles.

Certain drivelines may have been manufactured with tubing that has a nonconforming seam weld with insufficient bonding of the material. A tube seam weld that is not properly bonded can result in a fracture along the length of the weld. A fractured tube can twist or sever, resulting in damage to the driveline and the vehicle, increasing the risk of a vehicle crash.

The suspect drivelines will be replaced.

This is a follow up to a previous communication. Our records indicate that your vehicle has not yet had this Recall performed. Please make arrangement to have this repair done as soon as possible. If it has been completed, please disregard this letter.

Please contact an authorized Daimler Trucks North America dealer to arrange to have the recall performed. To locate an authorized dealer, search online at www.Daimler-TrucksNorthAmerica.com. **Advance arrangements are required.** The appropriate driveline(s) for your vehicle must be ordered in advance and shipped to the dealership and should be delivered in approximately one week. Once replacement parts arrive at the dealership, the Recall will take approximately two to three hours, depending on the number of drivelines replaced, and will be performed at no charge to you.

If you do not own the vehicle that corresponds to the identification number(s) which appears on the Recall Notification, please return the notification to the Warranty Campaigns Department with any information you can furnish that will assist us in locating the present owner. If you have leased this vehicle, Federal law requires that you forward this notice to the lessee within 10 days. If you are a subsequent stage manufacturer, Federal law requires that you forward this notice to your distributors and retail outlets within five working days. If you have paid to have this recall condition corrected prior to this notice, you may be eligible to receive reimbursement. Please see the reverse side of this notice for details.

If you have questions about this Recall, please contact the Warranty Campaigns Department at (800) 547-0712, 7:00 a.m. to 4:00 p.m. Pacific Time Monday through Friday, e-mail address DTNA.Warranty.Campaigns@Daimler.com, or the Customer Assistance Center at (800) FTL-HELP after normal business hours. If you are not able to have the defect remedied without charge and within a reasonable time, which is not longer than 60 days after you tender the vehicle for repair, you may wish to submit a complaint to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue, SE., Washington, DC 20590; or call the Vehicle Safety Hotline at (888) 327-4236 (TTY: 800-424-9153); or to <http://www.safercar.gov>.

We regret any inconvenience this action may cause but feel certain you understand our interest in motor vehicle safety.

Reimbursement to Customers for Repairs Performed Prior to Recall

If you have already **paid** to have this recall condition corrected you may be eligible to receive reimbursement.

Requests for reimbursement may include parts and labor. Reimbursement may be limited to the amount the repair would have cost if completed by an authorized Freightliner LLC dealer. The following documentation must be presented to your dealer for consideration for reimbursement.

Please provide original or clear copies of all receipts, invoices, and repair orders that show:

- The name and address of the person who paid for the repair.
- The Vehicle Identification Number (VIN) of the vehicle that was repaired.
- What problem occurred, what repair was done, when the repair was done.
- Who repaired the vehicle.
- The total cost of the repair expense that is being claimed.
- Proof of payment for the repair (such as the front and back of a cancelled check or a credit card receipt).

Reimbursement will be made by check from your Freightliner LLC dealer.

Please speak with your Freightliner LLC authorized dealer concerning this matter.
